

HFNC Excursion to Jilpanger Flora Reserve, 20 Oct 2007

Rod Bird & Dave Munro

Participants: John & Glenys Cayley, Hilary Turner, Lyn & Dave Munro, Reto Zollinger & Yvonne Ingeme, Rod Bird & Diane Luhrs.

The day was fine and warm as we set out at 9 am from Hamilton in 3 vehicles. We travelled the Balmoral-Horsham road and turned left at Wombelano Rd, to Hobbs Rd, White Lake and Douglas. This was our first trip to the Jilpanger Flora Reserve and our guide was the CFA Fire Map for the Region.

We drove up the western boundary, on Sudholz's Rd and soon encountered the first big sand dune.

Calytrix tetragona, *Kunzea parviflora* and other flowers were blooming beautifully along the way.

After lunch we took the track leading to Lake Mobilo (good camp site for exploration of northern part of the Flora Reserve) and emerged near 'Lingmer' driveway. Then to Harrow-Clear Lake Rd, turned right, then left on Digger Jims Rd to Balmoral Rd.
